**Junior Play Will Be Given Friday**

"Lady Spiffire" Will Be Shown Twice at High School Building  
In celebration of their annual custom, the members of Hope High School will present their play "Lady Spiffire" in two performances. The first performance will begin at 8:00 p. m. Friday, March 25.

"Lady Spiffire," by Katherine Kavanaugh, is a farce in three acts, will be presented at the high school auditorium Friday afternoon and night. Admission to the matinee will be 10c and 15c with the curtain rising at 2:30. The evening performance will begin at 8:00, tickets being priced at 10c and 25c.

The scene of the play is laid in a small rural school which is nearly bankrupt from lack of rich students. The solution of the problem seems to be the enrollment of Kay Sutton, daughter of a wealthy financier, at the school. Kay fails to appear, however, so Tom Brown and Bud Jones, transient paint painters who are befriended by Miss Prudence Rutherford, dean of the school, persuade an unknown girl to impersonate Kay.

A thread of romance appears throughout the entire play. Humor is supplied by Phyllis Berthon, school social chaperone. Bud Jones, school tramp, and Jed Buell, the book counterpane.

The play is directed by Lawrence Martin, member of the Hope High School faculty.

**CRANIUM CRACKERS**

In this series of Cranium Crackers, with a courtroom query, unusual local statutes may alter slightly the legal decisions given.)  
Smith and Sands were competitive furniture men and undertakers in a country town. Smith, knowing that a Mrs. Voss was near death, mailed to Mr. Voss a short letter stating "Remember our embalming department. Absolute satisfaction guaranteed or your money back." And Smith signed Sands' name to the letter. The letter accomplished its purpose and Smith got Voss' business when his wife died shortly thereafter. Some time later Sands heard of the letter and brought an action for damage on the theory that the sending of the letter was libel. The lower court sustained a demurrer to the petition, holding that it did not state an action against Smith.

**How Public School Dollar Is Spent**

Detailed Information on How Arkansas Schools Operate

From time to time there will occur particular information which will be of assistance to the public in general in knowing how their school dollar is spent. This is being fostered by the Arkansas Education Association for the people in the state-at-large.  
Too few taxpayers know very much about the revenue which supports the public schools of the state. Below is given some pertinent questions with answers about school finances.

Question 1: How much money is available for public schools?  
Answer: A little more than 17 million dollars was available in 1936-37.

Question 2: What part of the current revenue was federal funds, what part state funds, and what part local?  
Answer: About three per cent came from federal sources, 38 per cent from state sources, and 59 per cent from local sources.

Question 3: What are the principal sources of federal funds?  
Answer: The WPA in 1936-37 supplied more than half of the federal funds, its contributions for salaries of teachers, janitors, and bus drivers being approximately \$245,000. Federal vocational funds received by school districts totaled approximately \$156,000, while the turnback from sales of timber from the national forests amounted to approximately \$57,000.

Question 4: What are the principal school funds in Arkansas?  
Answer: State school revenues are disbursed through three funds:

A. The money in the common school fund is distributed on basis of the school census. In 1936-37, the chief C. The state's portion of vocational funds is derived from a tax of 1.5 mill on property which is distributed to schools for the maintenance of vocational work. Last year the schools received approximately \$53,000 from this source.

Question 5: What are the principal sources of local funds?  
Answer: The principal sources of local funds are the local school tax, limited to 18 mills, and the poll tax. Last year the local revenues of school districts totaled approximately \$7,700,000.

In 1935, the passenger fare rate on American Class 1 railroads was 1.93 cents per passenger-mile, as compared to 3.086 cents per passenger-mile in 1922, the peak year.

**Hope Is Selected Convention Site**

Representatives of 50 High Schools to Hold Meeting Here

Journalism Day and National Honor Society Day were held in Little Rock last Friday, March 18. The two organizations have had a joint meeting for the past two years, but will meet at different times and different places next year.  
The students representing Hope High School issued an invitation to the state representatives, which include at least fifty high schools in the State of Arkansas, to hold the 1939 convention of the National Honor Society here. A spirited campaign was waged between Little Rock and Hope to secure the convention. With the assistance of Carden, Pine Bluff, Texarkana and Malvern, Hope was selected as the convention city.

The National Honor Society is an organization composed of high ranking students in leadership, scholarship, service and character only in schools belonging to the North Central Association of Colleges and Secondary Schools, which is the highest accrediting agency in this state. Dr. Willis Sutton, superintendent of schools at Atlanta, Georgia, is the founder of this organization and an effort will be made to have him at the state meeting here as speaker for that occasion.

This is the first time that Hope has been host to a state meeting since the Arkansas Athletic and Inter-School Contest Association held its meet here about 1920.

The following students attended the meeting of the Arkansas High School Press Association and the National Honor Society meeting were: Robert Jewell, State Secretary of the National Honor Society; Tommie Fox Toland, Mary Frances, Hammons, Joe Winn, Charles Crutchfield, Patricia Thomas, Edward Lester, Margaret Smoots, Bill Tom Bundy, Arthur Barr, Carline Bruner, Marian Smith, Sara Ann Holland, Frances Yocum, and Lucille Hutson.

The Quill and Scroll initiates were Sara Ann Holland, Margaret Sims, Edward Lester, Lucille Hutson, Frances Yocum, Marian Smith, and Carline Bruner.

**Webb's Newsstand Is Entered From Skylight Sunday**

Loot of \$93 Is Taken in Haul by Night Prowlers

**HOME IS RANSACKED**

Leo Touer Residence on South Main Entered by Robbers

Webb's Newsstand was robbed Sunday night of \$93 in cash by prowlers who removed the skylight, sawed an iron bar and descended to the floor of the building on a rope.

The robbers obtained the bulk of their loot in small change, apparently using a sack to carry it away.

At first it was believed that the robbery had netted the burglars about \$125, but a checkup showed that the loot obtained amounted to \$93.

Webb Laster, Jr., proprietor, said that money was hidden in six places of the building. Three of the places were overlooked.

The robbers apparently were only searching for money as nothing else was missing except possibly a few packages of cigarettes that was removed from a show-case.

After making their haul, the robbers unlatched a rear door and left. The door was found standing open when employees came to work Monday morning.

**Lock-Box Overlooked**  
The robbers overlooked a lock-box that contained from \$75 to \$100 in cash and checks. Cash registers in the building were not molested.

They had been left open with only a small amount of change in them. Police Chief C. E. Baker expressed the opinion the robbers were "expert" burglars. They used gloves as no fingerprints could be found.

The robbers left no clues, carrying away the rope used and also the set of burglar tools.

**Second Robbery**  
The home of Leo Touer, 609 South Main street, was entered Sunday but nothing had been taken, a check-up showed Monday.

The robber or robbers entered a rear door by punching out the lock. After entering, all shades were drawn and the house ransacked. Apparently the burglars were looking for money.

The robbery was discovered late Sunday when Mr. and Mrs. Leo Touer returned home from an automobile trip. Police were without clues.

No clothing or other articles were missing.

## May Extend Shuler Oil Field to North

Interest Is Centered on Alice Sidney Test in Section 7-18-17

EL DORADO, Ark.—(AP)—The possibility of extending production a half mile to the north centered interest in the new Shuler field on the Alice Sidney Oil company's Powlidge No. 1 in section 7-18-17.

After coring through 61 feet of the productive Jones sand, officials of the company said they were undecided whether to core down to the big line or start completion activities immediately.

The well logged the Jones sand at 7570 feet and cored rich saturation on down to 7631 feet where shale was found.

Operations were abandoned at the test the early part of the winter when it failed to pick up the Morgan sands at around 3600 feet.

Drilling was resumed several weeks ago when operators decided to test the lower levels found productive in the part of the field to the south of the location.

His mind would harness him to facts. The heart and sedate. And all the big and little acts Required for growing great. His mind would teach him loss and gain.

By profit's rules precise. And just what balance must remain 'Twixt cost and selling price. His mind would say: "Be cold as steel"

And deaf to pity stand. When friendship comes with you to deal. But only he found he could not trim His lift to narrow rounds.

For oft the boisterous heart of him Would scamp out of bounds. And oft when reason viewed with doubt

Poor promises to pay. His heart would throw the profit out And give the stuff away. He might have prospered, more inclined

Cold reason to obey. But forced to choose 'twixt heart and mind. He took the happier way.—E. A. G.

The above selection was made in memory of a friend of mine, who has lately passed on, whose heart had rather have thrown the profit out, and when forced to choose 'twixt heart and mind; he would choose the happier way.

Week-End Near Harrison  
HARRISON, Ark.—One youth was killed, another injured critically and two young women were hurt, one seriously, when an automobile in which the four were riding catapulted over a 700-foot bluff on Highway 7, about 16 miles south of Harrison.

The car, a coupe, turned over several times before it landed at the foot of the bluff.

Hiram Abiff Brown, 20, son of A. B. Brown of Yardelle, Newton county, was killed instantly. Buster Waters, 18, who also lives in the Yardelle community, suffered injuries to the back and chest. Physicians at the Harrison clinic said his condition was critical.

Miss Estalene Preston, 18, living eight miles southeast of Harrison, was hurt seriously, but physicians said she probably would recover. She suffered shoulder and back injuries. Miss Violet Martin, 18, daughter of Mrs. F. L. Orion of Harrison, escaped with minor injuries.

Young Brown, owner and driver of the car, was said to have become confused while driving along the gravel highway because of the fog, and to have driven too near the side of the unguarded road.

Although the wreck occurred about midnight, it was five hours later before help arrived, Miss Martin walking two miles to a farmhouse for assistance.

Funeral services for Brown will be conducted at his home Monday.

## Death Toll of Air Raid Rises to 815

145 Bodies Are Found in Ruins of Bombed Buildings

BARCELONA.—(AP)—The known dead from the insurgent's wholesale air raids on Barcelona reached 815 Sunday as alert government patrol planes headed off resumption of the merciless attacks.

Ruins of bombed buildings yielded 145 bodies during the day. Previously, 670 dead had been counted from the ruins which started Wednesday and kept up for two days and nights.

Rescue workers continued digging day and night for additional bodies. Some estimates placed the dead as high as 1,300. The wounded numbered more than 2,000.

in Benton, Ark. Mr. Barber is in charge of the State Police Communications division. The bride is also connected with the State Police department. The couple are temporarily at home at 1422 Spring street, Little Rock.

Miss Mollie Hatch has returned from a visit with Mr. and Mrs. Ben Goodlett in Ozark.

Mrs. Margery Lee Threlkeld of the Tennessee University, Knoxville, spent the week-end with her mother, Mrs. Lee Threlkeld.

Miss Jeanette Witt is spending a few days visiting with relatives in Little Rock.

Miss Richardson of the Oglesby school faculty spent the week-end with home folks in Warren.

Mr. and Mrs. J. H. Hopson were Saturday visitors at the races in Hot Springs.

A special meeting of Poplar Grove Women's Circle will be held in 7:30 o'clock. Mrs. Tressie Goldstick, state manager of Little Rock, will make an official visit with the Grove, and a large attendance is urged.

## Dean Will Sing in New Orleans Opera

Will Be Featured in Spring Fiesta Tuesday Night

LITTLE ROCK.—Arkansas talent will be chiefly recognized in opera roles in four performances of Traviata which will be presented by the opera department of the Louisiana State University School of Music, under direction of Pasquale Amato, famed baritone for many years with the Metropolitan Opera Company and who now heads the university's department of opera.

William Dean, son of Mrs. Lois McKay Dean of Cabot, will sing the baritone role of Baron Raupohl; Frances Greer, of Helena, "star soprano songbird" of the U. of L. School of Music, will appear in the role of Violetta Valery.

Final presentation in a series of five will be given at New Orleans Tuesday night, as a featured event of the Spring Fiesta. The other four are in process at the university, the first performance was given Wednesday evening, and the others each succeeding evening through Saturday.

Mr. Dean is a member of the L. S. U. quartette which broadcasts for the Loece programs from Baton Rouge. He was guest soloist at the Philharmonic music program at the home of Louisiana's Governor Leche. He expects to continue his work through the summer with Amato in Los Angeles, Calif.

Miss Greer, whose soprano voice made notable impression upon musicians and music lovers in Arkansas even before she had opportunity of the training which she has had the past several years at the University, has been heard, as has Mr. Dean, on programs of the Arkansas Federation Women's Clubs of which Mrs. Dean is one of the state officers and a former president of Little Rock District, A. F. W. C. Mrs. Dean expects to go to New Orleans for the performance of the opera there.

Mr. Dean is a former member of the Hope High School faculty.

## New Device Tells When Hens Laid on the Job

WASHINGTON.—(AP)—Hens do their own book-keeping in a nest just patented by Gerald E. Kallman, of Menlo Park, Calif., for fine breeding stock.

When the hen enters the nest the door locks automatically to prevent the entrance of another hen. When she lays her egg another door opens automatically permitting her to leave. As the second door opens it operates the lens of a camera which takes a picture of the hen and of a number painted on her back or side.

In that manner her owner keeps track of how well she tends to her business of producing eggs.

## Gloves Champions to Battle Monday Night

NEW YORK.—(AP)—The Golden Gloves boxing champions of New York and Chicago, actually representing the East and Mid-west with a handful of southern scrappers thrown in, meet at Madison Square Garden Monday night in their annual intercity set-to.

Although the teams represent the New York Daily News and the Chicago Tribune, winners of various tournaments in other cities mixed into the regional flims and won a good share of the honors. Thus representing Chicago are such battlers as Lloyd Montgomery, former University of Arkansas football player, Dan Merritt of Cleveland, and battlers from other mid-western cities. The New York squad includes Bill Sperry of Mantoloking, Pa., who won the inter-city and international flyweight bouts last year, Frank Ruffo of Binghamton, N. Y., and Heavyweight Harry "Moon" Mullins, former Mississippi State gladiator who now lives in New York.

## Seadlund Formally Sentenced in Case

CHICAGO.—(AP)—John Henry Seadlund, 27, Minnesota mechanic, Saturday was sentenced to die in the electric chair for the kidnapping of Charles S. Ross, 72, retired greasing car manufacturer.

## Anti-Crime Club Meets — But Not to Talk Crime

ARUNDEL, England.—(AP)—The 50 members of the 150-year-old Arundel Society for prosecuting felons, thieves, miscreants and other criminals held their annual meeting recently. The secretary got up and announced that no criminals had been caught, no rewards paid—as usual.

It's been like that for the past 26 years but even though they all know in advance what the report will be they still like to hang together.

The society, Britain's only private police force, was not always so dormant. When it was organized in the 18th century it got many a real work-out from the highwaymen and cattle rustlers who overran the country.

Mountain Lions Called Cowards  
ALBUQUERQUE, N. M.—(AP)—The ferocity of the mountain lion is a myth, says Frank C. Hibben of the University of Mexico, after close observation of the animal's habits.

A study Hibben made with the aid of the New Mexico Fish and Game department and the U. S. Biological survey has convinced him the lions are cowards.

They will not attack a man, he found, except under great provocation. Deer is their main source of food, though they kill a few cattle.

Hibben describes reports of the lions' high-pitched scream as pure fiction. He says they utter a sound which resembles the call of a bird.

No. Sands should recover. Libel is a malicious, written defamation of any person, a writing that tends to expose him to public hatred, contempt or ridicule, that deprives him of the benefits of public confidence. Smith obviously sent the letter to hurt, not to help Sands. If Voss believed about Sands the revolting things Smith intended, that belief would be a false one, gathered from the intentional act of Smith. Certainly Smith's conduct deprived Sands of the benefits of public confidence and exposed him to the hatred and contempt of Voss.
